

Borrowing Digital books (ebooks and audio books)

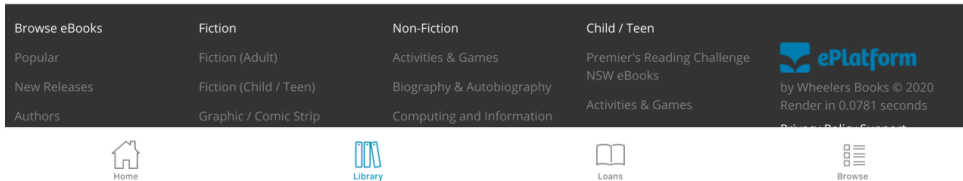

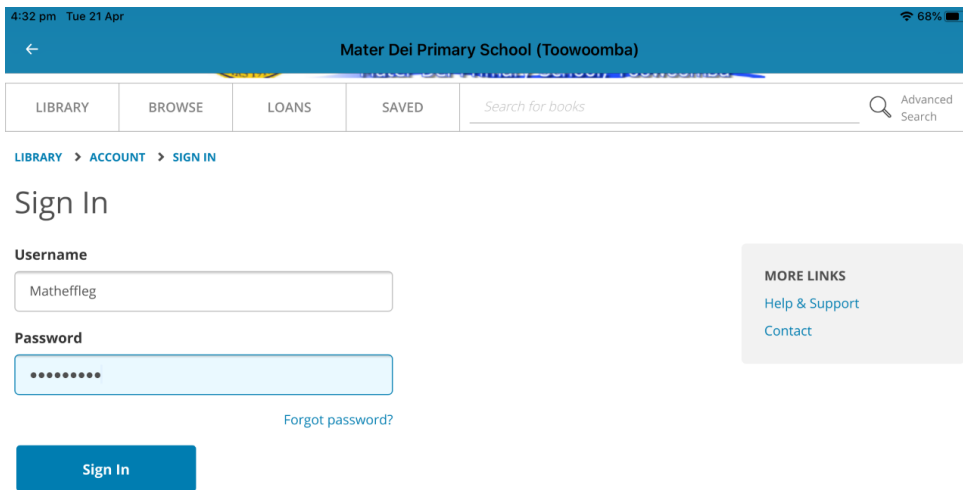

You can continue to access the Resource Centre - Diocese of Toowoomba collection through Wheelers ePlatform, using your school account details. We are also trialling a Mater Dei ePlatform collection for 4 weeks. This is a great opportunity to borrow a whole new range titles as well as extra copies of old favourites.

To access this collection, follow this link: <https://mdpstwb.eplatform.co/> or open the ePlatform App, click on **Find your library** and search for **Mater Dei Primary School (Toowoomba)**.

Open the Mater Dei library and you will need to sign in (top right-hand corner).

When accessing through the website or the App, as this is only a trial, you need to use your school username and everyone will use the password: MDLibrary.

Once signed in, you can browse and borrow. Each user may borrow 4 titles. With a school collection we have access to a much larger number of titles, so we should not run out of loans.

Older students may also be able to help younger siblings to access some great reading material through ePlatform .

If you have any issues, email Mrs Thompson.

Remember: Audible has free children's audio books at the moment as well and you can access the Toowoomba Regional Libraries ePlatform collection too.
